

SICO Pacer Table Series

Your choice when you are looking for a table that comes in a variety of shapes to mix the layout of tables in your cafeteria or multi-purpose room.

- **Tops never touch the floor** whether in the use or stored position. SICO tables either are standing on their legs or on their wheels.
- **60% faster set-up** than conventional folding leg tables. The saving in labor alone can pay for SICO tables in a short period of time.

14 gauge square steel center support gives greater strength while preventing damage to tops at center.

Recessed legs and horizontal support frame means less bumping of legs.

Innovative lock bar. Releasing the lock allows for a gentler opening. Operable from either side of the table.

Square tube legs give extra strength. One-inch (25mm) 16-gauge steel square tube leg is 63% stronger than one-inch round 16-gauge.

Round, oval, octagon, square, hexagon, rectangular & serpentine. SICO Pacer Tables are available in a variety of shapes for variety.

Wheels are off the floor in open position, and table rests on its legs. The wheels engage only in folded position.

Warranty: Lifetime warranty on welds and 15 years on other components.
