

DURAVEL II DRAPES FOR STAGES

No stage is complete without the finishing touch that draperies add. SICO uses a continuous strip of Velcro® type material on the edges of stages and the backs of drapes, making drapes easy to install at any location, and easy to remove. For adjustable height stages, companion drapes adjust in height using Velcro® type strips sewn into the back of the drapes. Matching backdrop drapes, for use on SICO backdrop carriers, are available in the same material.

Colors shown are SICO's standard colors, other colors are also available, but have an upcharge and require a large minimum order. Contact SICO for details.

Plum (132)

Beige (144)

Royal Blue (145)

Pewter (146)

Black (153)

Cypress (170)

SICO Duravel II Specifications

1. Material shall be 100% polyester that is both washable and dry cleanable (see fabric care details). Material shall be dimensionally stable – Wyzenbeek abrasion (heavy duty), and flame resistant for the life of the fabric. Meet the requirements of the N.F.P.A. 701 test, City of New York; Cal. #129-40SR, California Fire Marshall; the City of Boston and the ASTM E-84-81A. Flame spread index – 0. Smoke developed value – 15.
2. Stage drapes to be flat panel drapes with 8” (20cm) knife pleated valences. Velcro® strips to be sewn continuously across backside of drape for attachment at any locations around stage perimeter. Velcro® material to be 1” (2.5cm) wide. On multiple height drapes, Velcro® hook to be attached across bottom of drape on backside, and Velcro® loop material to be attached to allow easy adjustment of drapes at appropriate 8” (20cm) height intervals.

Duravel Care Details

1. Wash in warm water (Not hot) water using a mild detergent.
2. Tumble dry on warm (Not hot) and remove immediately to hang and fold to prevent wrinkles.
3. May be dry-cleaned.

SICO is not responsible for distortion of fabric that is improperly laundered or dry-cleaned.
