PILOT

Just Tilt and Move!

The Pilot booth brings durability and mobility to cafeterias. Perfect for multiuse spaces and easy reconfigurations. Interlocking wheels create a double booth when Pilot booths are nested back to back. Easy to move and stylish in design, the Pilot booth brings flexibility to a cafeteria without sacrificing the intimacy of booth seating.

JEFFERSON & OGDEN

Jefferson

Booth Types:

- Single
- Double

Seat & Back Options:

- Upholstered or Fiberglass Back
- Fiberglass Seat
- Laminate Back Panel

Frame Finish Options:

- Variety Powder Coat Colors

Classic & Functional

An optional back pad adds comfort to the design while an all fiberglass booth offers a sleek look. Available in single, double, cantilever and on a free standing booth frame unit, the Jefferson booth can create a variety of seating arrangements.

Ogden

Booth Types:

- Single
- Double

Seat & Back Options:

- Upholstered or Fiberglass
- Laminate Back Panel

Frame Finish Options:

- Variety Powder Coat Colors

Durable & Versatile

The Ogden booth features a metal frame that transcends the back pad to provide added durability. The laminate back panel featured on the Ogden allows for single booths to be lined up as a long settee and also serves as crowd control, a room divider or a queue line.

BRIGHTON

Designed to Provide the Ultimate Design Flexibility

Available in single, double and radius booth options, the Brighton can function as traditional booth seating or incorporate the radius style to provide more intimate group seating. Arrange the radius Brighton as a curved serpentine booth run to add a focal point that students will immediately gravitate to. With choice in back and seat finishes, the Brighton booth is functional and design-friendly.
