

TIVOLI DRAPE FABRIC OPTIONS

SICO's Tivoli drapes add the finishing touch to your stage set-up. They are wrinkle resistant so they stay looking nice for every event. Tivoli Drapes include a hook and loop fastener strip at the top of the drapes that mates with the hook and loop fastener strip on the edges of your SICO® mobile folding stages. Multiple height models also have hook and loop fastener strips sewn into the backside of the drapes to make height adjustment easy.

DETAILS

CARE	
OPTION 1	Wash in warm water (120° F/50° C) using a mild detergent. Load machine to no more than 75% of capacity. Use gentle cycles only, remove immediately.
OPTION 2	Wash in warm water (120° F/50° C). Use 10-15 minute cool down cycle. Load machine no more than 50% capacity. Remove immediately. No ironing should be needed if following above instructions. If pressing is desired, use cool iron.
OPTION 3	May be dry cleaned.

Fire Retardant Information
<p>This fabric has been tested in accordance with procedures outlined in the National Fire Protection Association Standard Methods of Fire Tests for Flame Resistant Textiles and Films (NFPA 701-2010), and meets the requirements stated therein.</p> <p>We do recommend annual testing of the fabric using the NFPA 705 Field Test Method for Textiles, as accumulations of airborne dust and oils may diminish the flame resistance of the fabric.</p>
