SICO® QUALITY

Get the perfect fit for your cafeteria seating with versatile SICO® Associate tables. Whether your space calls for 4' or 6' lengths, you can choose from a variety of stylish table and seating designs — including our “D” Shape tables that can be set against a wall to create a booth effect, with stools or benches that allow for smooth in-and-out student movement. Plus, when it’s time to reconfigure seating or clean the floor, two 4” casters make it easy to roll the tables into and out of service.

“D” Shape

Flat end can be pushed against a wall as an alternative to booth seating.

Rounded Rectangle

Perfect stand-alone table for more private groups.

Rectangle

Create long, uninterrupted rows of seating.

TC-65 Associate Features

High-Pressure Laminate Top Surface

SICO® Armor-Edge®

Solid MDF Core

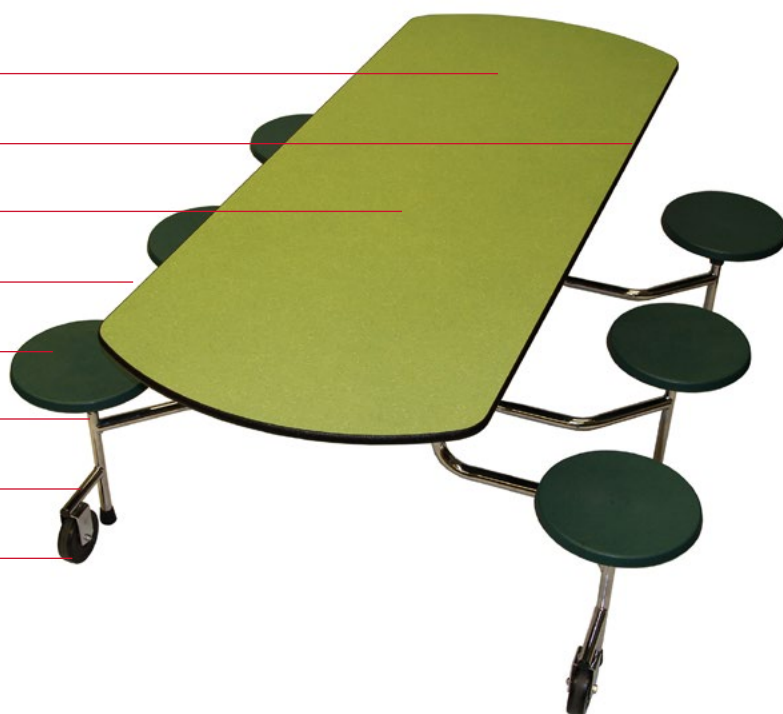

Tamper Proof Expansion Rivets

Round Stools, Comfort Stools or Benches

14 Gauge Steel Tube Frame

Powder Coat or Chrome Leg Finish

4" (10cm) Caster

FEATURES & BENEFITS

Table Top

Three Different Shaped Table

Options: Rectangle, Rounded Rectangle, and "D" shape. All shapes are available in both sizes.

Solid MDF Core Table Top:

Laminate tops are made with extremely durable $\frac{3}{4}$ " MDF core material that is stronger than plywood or particleboard, is lightweight, and resists warping.

High-Pressure Laminate:

Tough .040" (.10cm) thickness high-pressure laminate for added durability and long-term wear. Nearly 200 standard colors and patterns are available to fit any cafeteria decor.

Rigid Backer Sheet: Applied to the underside of the tabletops for moisture control and easy cleanup (including gum removal), stain resistance, fantastic appearance and balanced top construction.

SICO® Armor-Edge®: The most durable edge available. Provides an incredibly tough edge to take hard everyday use without damage. Hermetically seals the tabletop for sanitary purposes and prevents moisture from entering table top core. Now available in 12 standard colors.

Tamper Proof Expansion Rivets: Fastens tabletop firmly to the frame.

Table Frame

Dual 14 Gauge Tube:

Structural steel tube design provides great strength and durability with a stylish look. One piece unitized frame construction is sturdy and does not rely on tabletop for strength.

Patented Square Shape Stool

Support Post: Prevents any rotational movement of the stool seat. Lower portion of support post retains round shape, preserving the elegant look of the table.

Protective Neoprene Glides:

Non-marring contact with floor keeps table in place and prevents floor damage. Reinforced glides contain metal washers to prevent leg tubes from breaking through bottom.

Aircraft Lock-Nuts: Tamper-resistant lock-nuts are used at all mounting points and won't loosen over time.

Limited Lifetime Warranty

Protected by a Lifetime Warranty on welds. Limited Lifetime Warranty on table system. Visit www.sicoinc.com for all warranty details.

Serial Number: Tables are permanently marked for easy identification.

Seating Choices

Round Stool: Proven to be comfortable and durable through years of everyday use. Open walkway between stools means easy access with no "stumble bars" to create a hazard.

Comfort Stool: Modern Comfort Stool (with optional accent guard) has an exclusive curvature shape providing 20% more surface area, it's simply more comfortable for longer .

Wide Benches: Match bench laminate to tabletop, or create a more colorful table with totally different bench and tabletop laminates.

Transport & Storage

Caster: Each Associate has two 4" (10cm) non-marring casters with a wide surface area for smoother rolling.

Mobility and Storage: Simply lift on one end and roll into use, or storage. No caddies needed. Non-marring casters protect the floor.

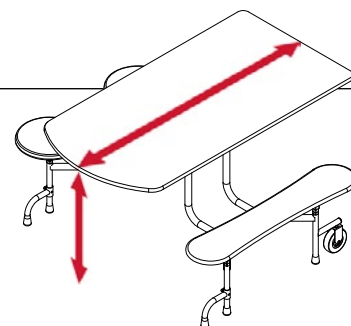

Space Design

Take advantage of our FREE space design service to determine the optimal layout and number of products for your space.

OPTIONS

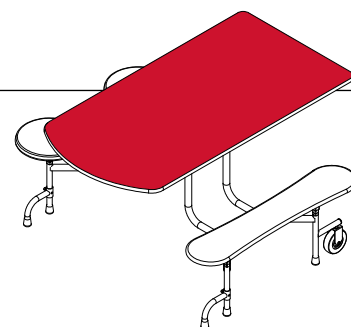

Choose Size & Shape

Choose from 4' (122cm) or 6' (183cm) table lengths and three standard table top heights of perfectly fit your needs. Choose from three table top shapes: Rectangle, Rounded Rectangle and "D" Shape.

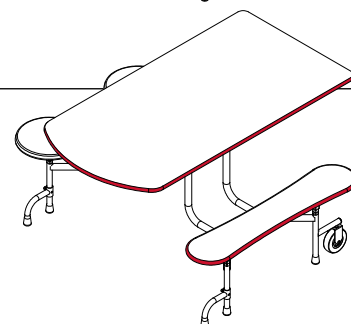

Choose Top Laminate

Choose from nearly 200 standard high pressure laminates for a custom look. Visit www.sicoinc.com for a complete list of standard options that are sure to complement your space.

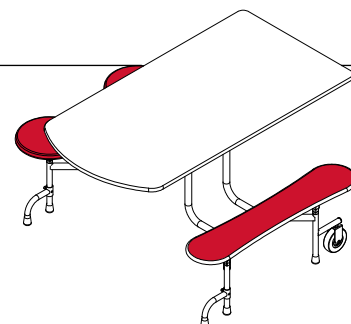

Choose Armor-Edge® Color

The most durable edge available now comes in a wide variety of colors. Customize the look of your space and choose colors to match or accent table top laminate.

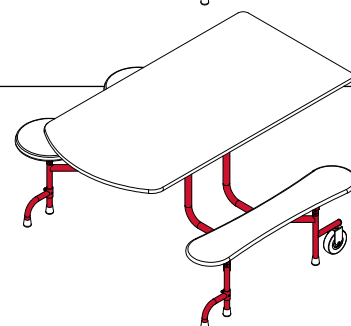

Choose Seating Type & Color

Choose from the original round ABS Plastic stool, our modern Comfort Stool (shown here with optional accent guard) or a laminate surface bench seat with Armor-Edge®.

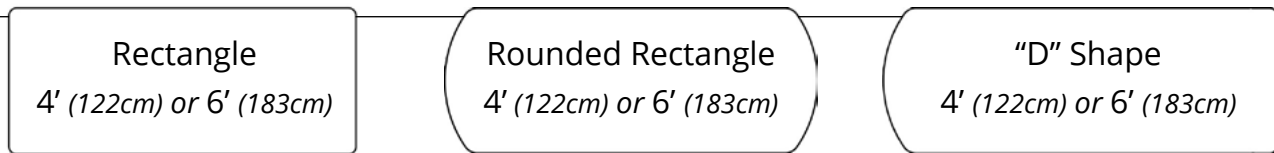

Choose Leg Color

Choose from four standard leg finishes. Choose either the high finish and classic look of polished chrome or the durable beauty and neutral colors of a slightly textured powder coat.
