

Live Edge Table

Features

Handcrafted from solid maple and oak, each top is kiln dried to maintain the unique characteristics of the wood. The base is crafted from steel and powder coated in black, silver or copper for a modern or rustic organic feel. These beautiful tables serve as furniture pieces while complementing your food and beverage presentations.

Celebrate individuality by creating your own unique furniture piece. Each top has its own unique beauty created by nature. Crafted from solid slabs of red oak or maple. Each slab is kiln dried to maintain the unique characteristics of the wood. 1.5" (3.8cm) thick.

**Available with Straight Leg Style Only

Live Edge

Tops have a live edge on the two long edges and a straight cut across the end grain. All edges and corners are rough sanded to soften sharp edges. Just as no two trees are alike, no two tables are exactly alike. Each slab is hand-selected, one-by-one creating a piece uniquely yours. Heavy to light graining, burls and knots at nature's whim. Natural color variation influenced by the tree's environment. Each slab has its own story to tell.
