

ENRICHED DINING

CAFETERIA & COMMONS ENVIRONMENTS

Reimagined

Our products are designed to transform spaces into versatile, multi-purpose environments.

We are here to provide value-added innovative solutions enabling our customer to transform and better use their space.

Since 1951, we have been dedicated to crafting the most advanced innovative product solutions that help facilities stand out and guests take notice. We see your facility not for what it is, but what it can be. As your go-to source for premier quality furniture solutions, we'll help you get more out of every square inch, while making it easier for your staff. Every SICO® solution is forged from insights, engineered with innovation and built to last.

IT'S ALL ABOUT THE **EXPERIENCE.**

Today's cafeteria & commons environments are used for more than food service. When designed properly cafeterias can also serve as a fully functional, flexible multi-use space that can be used throughout the day for dining, learning and socializing.

CREATING SEATING ZONES

Flexible seating zones create multipurpose spaces. Cafeteria and commons environments designed with a variety of seating options from traditional tables with attached seating, booths, soft seating, and community tables elevates student engagement and satisfaction while turning a single-use space into a flex space for socializing, collaborating, or learning.

FLEXIBLE, MOBILE FURNITURE SOLUTIONS

Optimize your space with **mobile furniture** solutions.

Maximizing every square foot of space is important. Transforming cafeteria and commons environments for multifunctional use is easy with SICO's mobile furniture solutions. Spaces can be reconfigured to meet whatever the need at a moment's notice. Furniture solutions on casters and visually pleasing and configurable for an array of uses.

QUEUE LINE MANAGEMENT

Creating a positive dining **experience** with effective queue line management.

Reducing wait times while managing traffic flow is imperative to an orderly lunch period. SICO® Queue Lines are portable and can be reconfigured to maximize traffic flow.

INTEGRATED TECHNOLOGY

Furniture that **inspires** using integrated technology.

Furniture needs to be designed to complement the world we live in today. The Alliance Community table has a larger surface area designed for multiple applications. Integrated power and USB ports allow for the use of notebooks and mobile devices creating flexible spaces fostering collaboration, communication, and creativity.

COLOR, DESIGN, SIGNAGE & AESTHETICS

A well-designed space is not just about aesthetics, it has a lasting impact on improving the environment and aids in how spaces are used. Color, design, and signage impact student participation boosting school spirit while creating inviting flexible spaces.
