

Food Warmers

Features

Keep your foods tasting their best with our buffet Food Warmer. A Food Warmer from SICO® will keep your hot foods warm and delicious, without the over-cooking or drying that can affect the dining experience for your guests. Available in either solid fuel or electric. You can even make it mobile and add a retractable handle and wheels. Plus, each unit can stack for simple storage. To optimize larger quantities opt for our food warmer storage racks and transport caddies.

This station has a solid stainless steel exterior and aluminum interior, as well as insulated sides and door to retain both hot and cold temperatures. Each unit has a built-in thermostat to maintain ideal temperatures. The SICO® Food Warmers have unique features that create a friendly user experience.
