

LB Table

Designed to Fit.
Built to Last.

Size- 10' x 36"
Laminate- Fusion Maple
Edge- Burgundy
Legs- Copper

SICO® QUALITY

Preferred by schools, hotels and conference centers around the world, the SICO® LB portable folding table is ideal as a head-table riser or for endless other functions, an especially smart choice when you simply need a mobile folding table for use with separate chairs. With its solid build and familiar rectangular design, the LB table easily rolls into use for food service, meetings, banquets, study halls, and testing rooms — while requiring only one-person to operate.

Transport & Storage

One person can easily roll and maneuver tables smoothly into service or storage.

Center Leg Support

The center leg adds three points of contact for extra stability and support for heavy settings.

Customizable

A variety of table top laminates, Armor-Edge® colors and frame finishes to choose from. Create the perfect look for your space.

LB Features

FEATURES & BENEFITS

Table Top

SICO® ARMOR-EDGE®:

The most durable edging available. Proven track record for long-term durability. Provides an incredibly tough edge to manage everyday use without damage. Hermetically seals the tabletop for sanitary purposes and prevents moisture from entering table top core.

High-Pressure Laminate:

Tough .04" (.10cm) thickness high-pressure laminate for added durability and long-term wear. A large variety of striking colors and patterns are available to fit any cafeteria decor.

Solid MDF Core Table Top:

Tops are made with extremely durable 3/4" MDF core material that is stronger than plywood or particleboard, light-weight, and resists warping.

Rigid Vinyl Backer Sheet:

Far superior to all types of paper backers. Applied to the underside of the tabletops for moisture control and easy cleanup (including gum removal), stain resistance and fantastic appearance.

Tamper Proof Expansion Rivets:

Fastens tabletop firmly to the frame and will not work loose like ordinary screws.

Center Gravity Lock Bar:

Prevents tabletop from folding when in the use position. Easily released from either side.

Table Frame Support

16 Gauge Square Tube

Construction: 1" (2.5cm) tube creates increased strength and durability.

14 Gauge Center Support: Steel center support gives greater strength while preventing damage to tops at the center of table.

Torsion Bar Assist: Allows one person to easily fold and unfold any size LB table. A more durable and long lasting system than others. Lifting is effortless.

Chrome Plated or Powder

Coat Finished Legs: Finished for superior durability, colorful appearance, and ease of cleaning.

Two 7 Gauge Vertical Hinges:

Extra heavy self-cleaning hinges will not trap food while providing additional strength, security and durability.

Reinforced Nylon Glides: When in the open use position, casters disengage from floor and table legs provide 7 points of floor contact on non-marring glides to prevent floor damage.

Aircraft Lock-nuts: Tamper-resistant lock-nuts are used at all pivot points and won't loosen over time.

Transport & Storage

Non-marring, 4" Swivel Casters:

Four 4" (10cm) non-locking swivel casters easily maneuver while in transport. Casters engage only in the folded position. One person can maneuver tables into service or storage.

Casters Off The Floor: Table edges never touch the floor. Wheels are off the floor in open position, and table rests on its legs. The wheels engage only in folded position and won't become rough and snag your linens.

Storage: LB tables fold and nest compactly when in the stored position. Roll easily into storage on 4 wheels. No lifting. No need for storage transport caddies.

Limited Lifetime Warranty

Limited Lifetime Warranty on table system. Visit www.sicoinc.com for warranty details.

Space Design

Take advantage of our FREE space design service to determine the optimal layout and number of products for your space.

OPTIONS

Choose Size

Choose from multiple sizes to fit your space when in use, while also utilizing the smallest storage footprint possible. Available in three heights for maximum comfort and flexibility.

Choose Top Laminate

Choose from nearly 200 standard high pressure laminates for a custom look. Visit www.sicoinc.com for a complete list of standard options that are sure to complement your space.

Choose Armor-Edge® Color

The most durable edge available now comes in a wide variety of colors. Customize the look of your space and choose colors to match or accent table top laminate.

Choose Leg Color

Choose a chrome plated finish or a powder coat in one of three standard colors: copper, silver or black. All powder coat colors are highly durable with a slightly textured finish.
