SICO® QUALITY

Smartly Designed to Increase Your Seating Capacity. With its mobile, multi-purpose design, the SICO® Pacer banquet tables allow churches, schools, country clubs, hotels, banquet halls and other venues to easily increase seating capacity and maximize their space. No matter which tabletop color or style you choose, you're sure to bolster the profitability of your banquet service.

Multiple Shapes

A variety of table top shapes and sizes to choose from. Have the perfect fit for your space.

Recessed Legs

Located further under the table so table legs don't interfere with knees.

Easy Transport

One person can easily roll and maneuver tables smoothly into service or storage.

Pacer Features

Triple 7 Gauge Sandwich Hinge

High-Pressure Laminate Top Surface

Tamper Proof Expansion Rivets

SICO® Armor-Edge®

Solid MDF Core

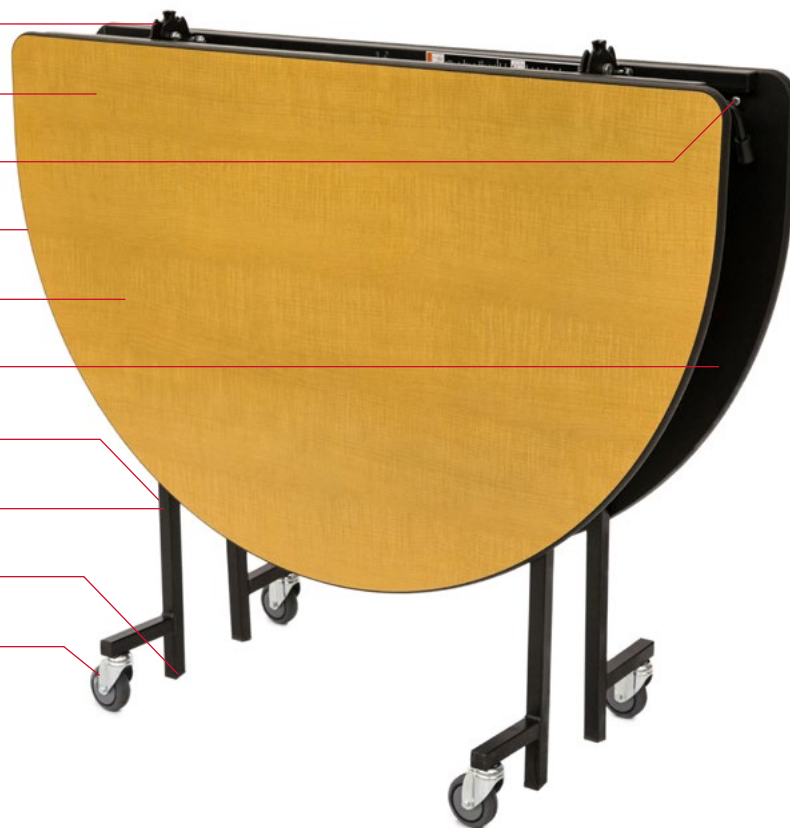

Rigid Vinyl Backer Sheet

Chrome or Powder Coat Leg Finish

16 Gauge Square Tube Leg Construction

Reinforced Nylon Glides

3" (7.6cm) Color Thread Guard Casters

FEATURES & BENEFITS

Table Top

Multiple Shaped Table Options:

Oval, Round, Square, Rectangle, Hexagon, Octagon and Serpentine.

SICO® ARMOR-EDGE®:

The most durable edging available. Proven track record for long-term durability. Provides an incredibly tough edge to handle everyday use without damage. Hermetically seals the tabletop for sanitary purposes and prevents moisture from entering table top core.

High-Pressure Laminate:

Tough .04" (.10cm) thickness high-pressure laminate for added durability and long-term wear. A large variety of striking colors and patterns are available to fit any cafeteria decor.

Solid MDF Core Table Top:

Tops are made with extremely durable 3/4" MDF core material that is stronger than plywood or particleboard, light-weight, and resists warping.

Rigid Vinyl Backer Sheet:

Far superior to all types of paper backers. Applied to the underside of the tabletops for moisture control and easy cleanup (including gum removal), stain resistance and fantastic appearance.

Tamper Proof Expansion Rivets:

Fastens tabletop firmly to the frame and will not work loose like ordinary screws.

Table Locking Mechanism:

Prevents tabletop from folding when in the use position.

Table Frame Support

16 Gauge Square Tube

Construction: 1" (2.5cm) tube creates increased strength and durability.

14 Gauge Center Support: Steel center support gives greater strength while preventing damage to tops at the center of table.

Chrome Plated or Powder Coat Finished Legs:

Finished for superior durability, colorful appearance, and ease of cleaning.

Recessed Legs: Obstruction-free frame and leg design provides comfortable seating for all guests and less bumping of legs.

Triple 7 Gauge Sandwich Hinges:

Two plates surround one plate from opposite sides of hinge frame for extreme strength, and long-lasting durability to prolong the life of table.

Reinforced Nylon Glides: When in the open use position, casters disengage from floor and table legs provide 4 points of floor contact on non-marring glides to prevent floor damage.

Aircraft Lock-nuts: Tamper-resistant lock-nuts are used at all pivot points and won't loosen over time.

Space Design

Take advantage of our FREE space design service to determine the optimal layout and number of products for your space.

Transport & Storage

Non-marring, 3" Swivel Casters:

Four 3" (7.6cm) non-locking swivel casters, with color thread guard, easily maneuver while in transport. Casters engage only in the folded position. One person can maneuver tables into service or storage.

Casters Off The Floor: Table edges never touch the floor. Wheels are off the floor in open position, and table rests on its legs. The wheels engage only in folded position and won't become rough and snag your linens.

Storage: Pacer tables fold and nest compactly when in the stored position. Roll easily into storage on 4 wheels. No lifting. No need for storage transport caddies.

Limited Lifetime Warranty

Limited Lifetime Warranty on table system. Visit www.sicoinc.com for warranty details.

OPTIONS

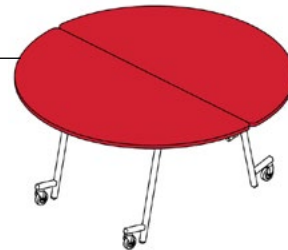

Choose Size

Choose from multiple sizes to fit your space when in use, while also utilizing the smallest storage footprint possible. Available in three heights for maximum comfort and flexibility.

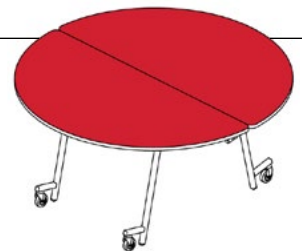

Choose Top Shape

Choose from round, oval, square, rectangle, hexagon, octagon, and seminar shapes. Mix and match shapes into unique layouts that suit your specific needs and creates a visually interesting space.

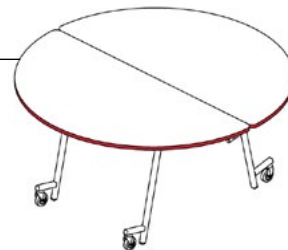

Choose Top Laminate

Choose from nearly 200 standard high pressure laminates for a custom look. Visit www.sicoinc.com for a complete list of standard options that are sure to complement your space.

Choose Armor-Edge® Color

The most durable edge available now comes in a wide variety of colors. Customize the look of your space and choose colors to match or accent table top laminate.

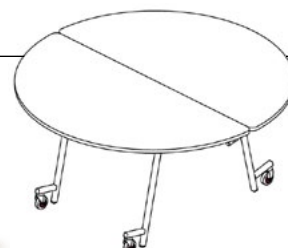

Choose Leg Color

Choose a chrome plated finish or a powder coat in one of three standard colors: copper, silver or black. All powder coat colors are highly durable with a slightly textured finish.

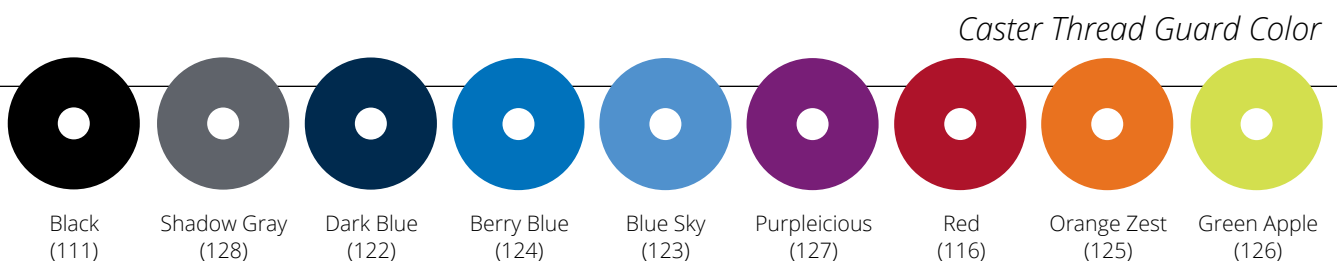

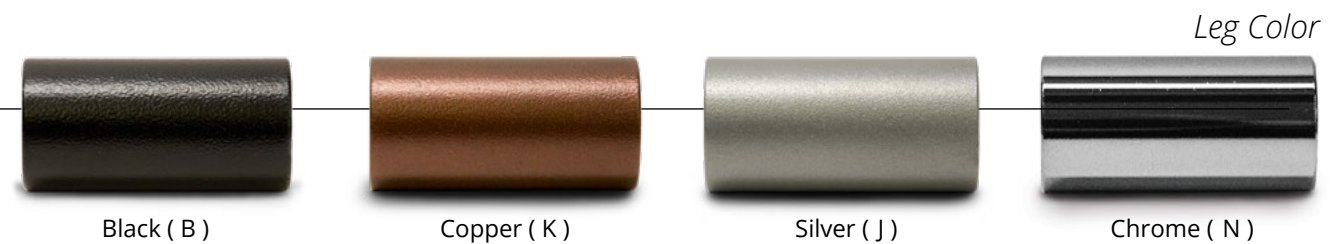

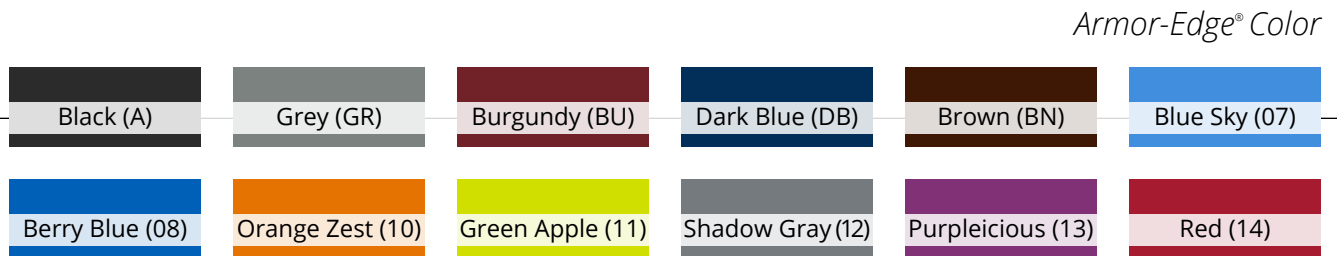

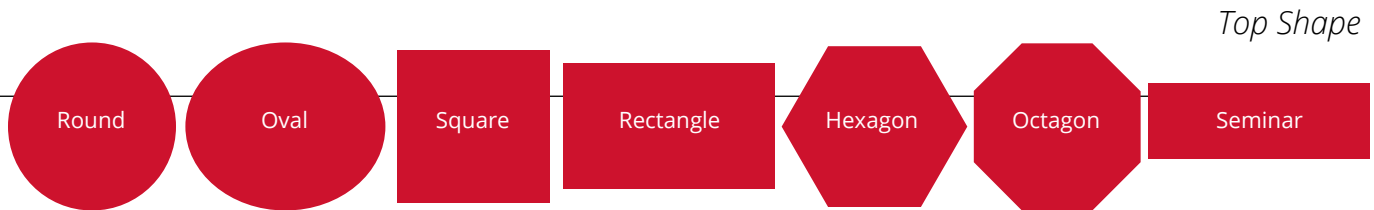

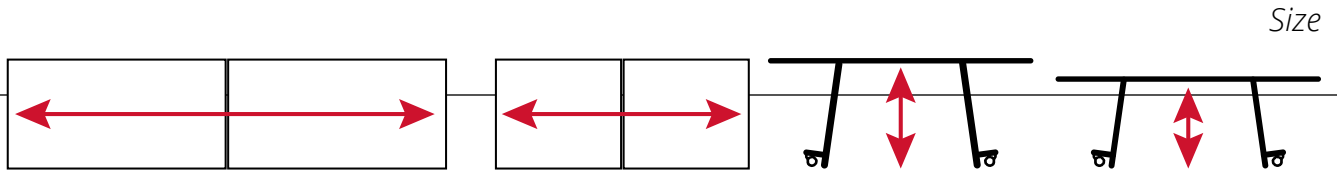

Choose Caster Thread Guard Color

SICO's robust caster design features a plastic thread guard that does not move when the wheel spins preventing accumulation of debris in the bearing. The thread guard is available in color options to match or accent Armor-Edge® colors.

THINK BIG!

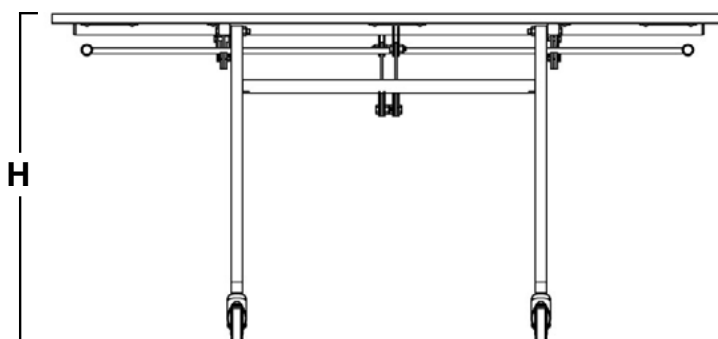

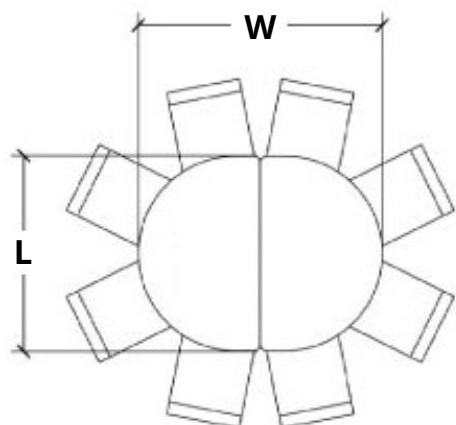

SPECIFICATIONS

In-Use Specifications

Shape	Size (Length x Width)	Seating Capacity	Top Heights	Weight
Round	48" (122cm)	4-6 Chairs	27"(69cm); 29"(74cm)	95 lbs. (43kg)
	60" (152cm)	8-10 Chairs	27"(69cm); 29"(74cm); 32"(81cm)*	115 lbs. (52kg)
	66" (168cm)	8-10 Chairs	29" (74cm)	132 lbs. (60kg)
