# Education Solutions

## Why Choose SICO® for Your School?

For over 60 years, SICO® has led the way in mobile and space-saving furniture for the education sector. We're proud to support schools, academies, and educational campuses by helping them transform their spaces with smart solutions.

Our furniture is designed to save time, reduce manual handling and withstand the demands of busy, high-traffic environments. With quality and durability as standard, SICO® products are made to last and made for everyday use in education settings.

## The SICO® Range for Education

- Folding dining tables
- Mobile staging systems
- Adaptable seating solutions  
- including wheelchair-accessible options

All proudly manufactured in the UK, our furniture is built using responsibly sourced materials and developed with safety, functionality, and sustainability in mind.

At SICO®, we're a values-led team driven by integrity, teamwork, communication, and commitment to excellence. Every product is backed by decades of experience and developed by listening closely to the real needs of educators and school communities.

The SICO® Space Design Service is FREE - determine the optimal layout and products for your space.

## Furniture that works with you

SICO® furniture is designed with schools in mind - combining durability, flexibility, and safety to meet the everyday demands of educational environments.

Whether you're furnishing a dining hall, assembly space, classroom or performance area, SICO® helps you make the most of your space, time and budget.

### Easy to Use

- Quick and simple setup perfect for busy school timetables
- Mobile, lightweight designs reduce manual handling and physical strain
- Ideal for transforming spaces between lunch, lessons, performances or events

### Space-Saving & Durable

- Compact storage for folding away when not in use
- Strong and long-lasting materials for high-traffic environments
- Optional customisation, finishes and accessories

### Safe & Compliant

- FSC-certified wood used across our product range
- Rounded edges and anti-pinch designs for optimum safety
- Easy-to-clean surfaces for hygiene, safety, and long-term care and durability

### Servicing & Support

- UK-wide service team for responsive and expert support
- Annual safety checks for ongoing compliance and peace of mind
- Service packages to fit your school's schedule and budget

## 2000 Series Staging

### Stages

# Fast, Flexible, and Professional Mobile Staging.

The SICO® 2000 Series Mobile Folding Stage is the fastest and most flexible way to create a professional and safe stage setup in any educational or event space.

Specifically designed to save time, labour, and storage space, this self-contained system eliminates the hassle of heavy components and bulky frames. Each stage folds compactly for convenient storage, delivering significant operational efficiency. Each unit rolls easily on its own four wheels. One person can position, set up, and store each section with ease.

To complete your staging, SICO® offers backdrops, steps, skirting, corner units, guard rails, and more. With safety in mind, we strongly recommend the use of guardrails across all stage set-ups. Elevate your school events with smart, professional staging from SICO®.

- Folding stage design for professional use without heavy components
- Compact storage footprint
- Quick and easy one person set up and take down
- Hook and loop edging for easy drape attachment
- Add on backdrops, steps, skirting, guard rails and more
- Choose from hard wearing carpet or scratch resistant hexa-deck flooring

#### Key information

	Uniform Distributed Load (UDL) of 4.5kN/m <sup>2</sup> (458kg per m <sup>2</sup> ).
	Unit rests on 8 direct-to-floor load bearing legs to stabilise stage
	Vinyl coated steel edge for long lasting wear and durability
	Heavy duty non-marking castors
	15 year warranty on manufacturing
	Lifetime warranty on welding
	Made in Britain

#### Dimensions

Single or dual height mode, rising in 200mm increments.

#### Three stage deck sizes

Single height	91cm x 244cm
Single/dual height	122cm x 244cm
Single/dual height	183cm x 244cm

## Flex-it Pro Staging

### Stages

The Flex-it Pro Stage System from SICO® delivers the durability of heavy-duty decks with the versatility of a modular design.

Perfect for schools, theatres, and event spaces, Flex-it Pro adapts to any setup - from stages and podiums to choral risers and dance floors.

Single-height units with removable legs for easy setup, adjustment, and storage. Designed for two-person assembly - ideal for concerts, assemblies, and productions with flexible, fast, long-lasting use.

- Modular design for customisable staging layout
- Quick and easy two person set up and take down
- Configurable into five height options
- Reduced compact storage footprint

3	200cm x 100cm
Five fixed height options	
1	20cm
2	40cm
3	60cm
4	80cm
5	100cm

## Choral Risers

### Stages

Available in 3-step and 4-step designs, our risers feature a versatile multi-shape configuration to suit any space.

Each step is fully carpeted to ensure a professional appearance and optimal performance. The four-wheel design eliminates the need for heavy lifting, making setup and breakdown quick and effortless.

With student safety as a top priority, the top row includes a security rail, gap-free connections, and a 25mm deck overhang for added protection. When not in use, both 3-step and 4-step units fold compactly for easy storage. Each riser is shipped fully assembled and ready to use straight out of the box.

- Available in 3 and 4 tier designs
- Each unit connects to the next with unit to unit connectors
- Quick and easy set up and take down without heavy lifting
- Configurable to multiple layouts
- Compact storage footprint
- Optional side guard with guard storage

Key information	
	4 wheel design non-marking glides
	Carpet wrapped decks - choose from Cloud Grey, Onyx or Charcoal
	Capacity guideline (3 tier stage) 4 units = 48 - 64 people
	Capacity guideline (4 tier stage) 4 units = 64 - 82 people
	Made in Europe

Make the most of your space

## Create a space that enhances learning, performance, and **everyday school life**

SICO® can help you maximise your space.

Whether you're planning a dining area, flexible learning zone, or performance space, we offer a free, no-obligation site survey tailored to your school or academy.

One of our experienced team members will visit your site to assess your current layout. We want to understand your needs to recommend the most effective space-saving, budget-friendly solutions.

From staging and seating to storage systems, our goal is to help you create a safe, efficient environment that supports both students and staff.
