

## SICO GRANT REQUEST FORM

### GRANT OVERVIEW

In celebration of SICO's 75th anniversary, this grant was created to give back to the education community through a donation of up to \$75,000 worth of SICO tables to one Minnesota school. **This grant is exclusively available to Minnesota schools only.** For decades, SICO has partnered with schools across the state to help create learning environments that are flexible, efficient, and built to last. From classrooms and cafeterias to performance and multi-purpose spaces, educators rely on SICO's space-saving, mobile, and durable furniture solutions to support collaboration, adaptability, and student engagement.

Along with completing the application below, schools are encouraged—but not required—to submit a short video (up to 5 minutes) sharing their school's story and how updated furniture could positively impact their learning environment. If you would like to submit a video, please indicate this within the application, and we will provide a secure link for uploading your video. Video submissions will be considered as part of the overall application review.

The selected recipient must agree to responsibly discard or recycle existing cafeteria furniture being replaced. SICO will coordinate delivery and installation of the donated furniture at the winning school location(s).

SICO is a family-owned and family-operated company with a legacy rooted in innovation, quality, and long-term value. Across generations, a shared vision has guided SICO's growth, ensuring that product innovation, core markets, and business units work together to support the environments our customers are creating. With an early understanding of the importance of a global market and evolving educational needs, SICO has continued to invest in forward-thinking solutions that help schools make the most of their spaces.

Today, SICO provides innovative, sustainable, and high-quality commercial furniture designed to empower schools with confidence and flexibility. As a family company, we are deeply committed to the success of our employees, our customers, and the communities we serve, especially here in Minnesota. This grant reflects our belief that well-designed learning environments matter and our ongoing dedication to supporting education with furniture solutions that deliver lasting impact.

## GRANT APPLICATION FORM

### 1. School Information

- School Name:
  
- District:
  
- Address:
  
- Principal/Contact Name:
  
- Phone:
  
- Email:
  
- School Enrollment:
  
- EIN (Tax ID):
  
- Confirmation of qualified charity under 501(c)(3)

### 2. Project Description

- What is the need?
  
- What are you requesting from SICO?
  
- Number of tables needed.
  
- Who will benefit?

### 3. Impact Statement

Explain how new cafeteria tables will support student well-being, improve operations, and create a safer, more inclusive environment.

### 4. Expected Outcomes

Describe the measured improvements anticipated:

- Increased seating capacity
  
- Improved safety and accessibility
  
- Enhanced student experience
  
- Reduced crowding or scheduling issues
  
- Any other positive impacts

### 5. Optional attachments

- Photo of current cafeteria tables
- Principal letter of support
- Video (Max 5 minutes)

We agree to use the tables as intended, coordinate delivery, installation, and any follow-up visits.
